

RIVIERA COLLECTION
*a myriad of fiery hues perfectly capturing
 the sunrise on the Mexican Riviera*

Founded in 1975 in Albuquerque, New Mexico, Kabana jewelry continues to lead the industry in quality and design. Using only the finest materials found in nature, our gemstones are cut, shaped and polished completely by hand and inlaid using only solid pieces, culminating in a finished piece that not only looks magnificent, but reflects the extraordinary character of its wearer.

COLLECTIONS GUIDE

THOSE WARY OF CONVENTION WEAR CONFIDENCE.

It's no coincidence that women of great depth are drawn to great craftsmanship. Meticulously hand-sculpted by master artisans, the true source of Kabana's beauty comes from its substance and its story, and it takes a certain kind of woman to recognize it, a woman so ignited by her own light that she casts a glow on everything around her.
